

ISLAND LOCALS.

ABOUT TOWN.

The rainfall during the past week in town amounts to about two-and-a-half inches.

The schooner Surprise is looked for daily from San Francisco, with dates to the 4th or 5th instant.

The Captain and officers of the Tuskuba were received at the Palace by His Majesty last Thursday.

Reports from Waiakoa state copious rains have fallen. The large reservoir of Kawaiakoa Ranch is full.

The beautiful moonlight nights at present prevalent are appreciated, to judge from the talk amongst the fair sex.

The Band did not play at Emma Square last evening on account of duties at the Palace yard and at the Battalion drill.

By kindness of J. H. Paty, Esq., the report of the Board of Trustees of the Queen's Hospital has been furnished for this issue.

The Portuguese band has received its instruments from France and now the Hawaiian Band will have to look to its laurels.

The last few mornings have been decidedly pleasant, the thermometer showing 76° instead of the usual 82°—this at 7:30 a. m.

The cottages around the Hotel have been re-shingled and painted, and their general appearance has been much improved thereby.

The steamer Mokolihi arrived September 11th from Molokai, in ballast, and reports having experienced exceedingly rough weather at Molokai.

Mrs. Dominis, Sr., the mother of Governor John O. Dominis, was serenaded at her residence last Saturday morning by the Royal Hawaiian Band.

The approaching birthday of the King will be the fiftieth celebration and it is said special efforts are going to be made to make it a notable one.

There have been heavy rains in Kau, and the whole of the district is looking green. The cane has got a capital start and the crop prospects are good.

While making fast to the Amelia to tow her in the tug Ellen was dashed against the bark. The fore channel of the Amelia was broken, the tug sustained no damage.

The J. C. Ford brought three horses from the Coast, two were for Messrs. Allen & Robinson's lumber wagon and one, a carriage horse for Mr. Mark Robinson.

The sale of the East Maui Plantation Company's estate, which was held last Thursday, resulted in the property being withdrawn. No one bid over the upset price of \$50,000.

Where is Mr. Van Dorn's Ranch? It does not figure in any list of ranches and get he has obtained the contract for supplying sheep to Molokai. Whom does Mr. Van Dorn represent?

The annual meeting of the shareholders of the Mutual Telephone Company will be held at the company's building, at the corner of Merchant and Alakea streets, next Wednesday morning at 10 o'clock.

What was nearly a fatal accident occurred in the lane near Mr. Dowsett's house, Palama. A little boy was run over by a dray belonging to the Union Feed Company. Fortunately the boy seems likely to recover.

The Chinese denizens of the city, duly celebrated the birthday of the moon last Saturday. Night was made pleasant to light sleepers by the firing of crackers and bombs. Fortunately the birthday only occurs once a year.

The Princesses Likelike held her regular monthly reception on Thursday, September 9th. A large number availed themselves of this opportunity to call. Among the callers were the Captain and officers of the Tuskuba.

Mr. Glendon, formerly a member of the Legislature, who was accused of embezzling a portion of the school funds in the district of Kau, was not convicted on trial. He engaged three prominent Honolulu lawyers for the defense.

Mr. Herbert received a steam launch by the Edward May. In a gale off the Falkland Islands the bow of the launch was damaged. It is being repaired by Mr. E. R. Ryan. Mr. Herbert will use the launch to run between his residence and Honolulu.

An accident happened to Mr. Julian Mousarrat of Kau. While fixing a strap for a saddle his knife slipped and entered the abdomen, causing an ugly wound. Mr. Mousarrat is fortunate in not being very seriously injured, a hair's breadth more might have been fatal.

The *Luso Hawaiian* comes out now regularly every Saturday. It originally started as a tri-monthly, but so great has been the demand that the proprietors have felt obliged to meet it. As an advertising medium the *Luso* continues to receive excellent patronage.

The boats' crews which are in training for the races in November are doing good work. The knowing ones are beginning to watch the evening spins and are already almost prepared to predict which crew will be victorious, but then the knowing ones have got left before this.

Among the passengers for this port by the steamship Mariposa, on the 4th instant, were Messrs. Herbert Henry Gowen and Vincent Howard Kite, graduates of St. Augustine's College, Canterbury, England, who have come out to aid the work of the Anglican Church in these islands.

The rains of last week are beginning to tell on the local streams. On Wednesday night considerable freshets came down the Nuuanu stream, which was fast becoming quite stagnant. Ever since then the water of the stream has kept in motion, but even a coffee-colored bath is preferable to a scarcity of water.

On Monday, the 13th instant, the school vacation ceased, and the Government schools were again opened for the transaction of scholastic business. The following private schools also opened on the 13th instant: St. Louis College, Oahu College, Punahoa Preparatory School, Mrs. Wallace's School and Kawaiakoa Seminary.

Accounts from the Volcano all agree that the lava is becoming more active each week, but the locality of greatest activity seems to be a new one to the westward of Halemaumau. It matters very little where Pele locates her show, if she only keeps it up. The late heavy rains ought to help her in getting up more steam.

A runaway occurred last Saturday evening on Nuuanu Avenue. A boiler was being brought down from the old Ice Works, and coming down the hill past Mr. Mackintosh's house the wheels were tied. Unfortunately the rope broke, and the heavy mass, with four horses attached, rushed at a furious pace down hill, and along the road till the driver, by a dextrous turn, ran the horses into Mr. Wood's fence. The driver was thrown out, but received no greater harm than a severe shaking. The horses belonged to Messrs. Graham and Hebbard.

Heavy rain fell during the greater part of Thursday last. It clouded up heavily during the morning, and at noon the storm burst in heavy squalls from the south, and continued until far into the night. Reports from all parts of the island are that copious rains have fallen. The streams have filled up and the grass will spring up rapidly. The rain has been worth many thousands of dollars to the inhabitants of Oahu. If it has fallen on other islands, there will be hundreds of thousands of dollars to count to the good.

HAWAII.

On Friday, August 20th, a Fiji Islander, in the employ of C. Afong, Pepeekeo Plantation, whilst engaged in landing lumber from a schooner, had two fingers of his right hand badly injured. Amputation was necessary.

A sad accident occurred at Waiakoa on Monday, September 6th, by which a little Japanese boy, seven years old, lost his life. It seems he was riding on a horse behind his father, and left the railroad track that the train might pass, stepping behind a large water tank by the side of the road. As the cars passed the horse reared, throwing off

both father and child, the latter directly under the moving train. Both legs were horribly mangled and crushed, and although amputation was performed as soon as possible, the little fellow died in a short time. A Coroner's inquest was held on Tuesday morning. Verdict: accidental death.

A Portuguese at Paukua went fishing on Sunday, fell down the pali and dislocated his ankle.

Quite a large number of Chinamen were arrested at Hilo on Saturday and Sunday, August 28th and 29th, for smoking opium.

What means these three cent postal cards of date 1881 that we are obliged to take, instead of the two-cent cards, as noted in regulation No. 52 of the Hawaiian Postal Guide?

The Water Front.

A walk along the wharves last week disclosed considerable activity in discharging freight of all descriptions from the various vessels in port. The first vessel boarded was the American bark Edward May, from Boston, to Messrs. C. Brewer & Co., of this city. The Edward May arrived here last Thursday, under command of Capt. Johnson, and, like all the vessels of this line, presents a splendid appearance to the nautical eye. This vessel is turning out a neat and tidy appearance, and her freight is being landed in fine order. After discharging, that portion destined for Honolulu, will sail for Manila.

Then came the Isle of Erin, from Glasgow, to Messrs. G. W. Macfarlane & Co., of this city, with an assorted cargo of general merchandise which she is now discharging at the Pacific Mail wharf. This vessel also presents a neat and tidy appearance, and her freight is being landed in fine order. The Isle of Erin, after discharging, will proceed to Portland, O., to load a return cargo of wheat for Great Britain.

On Wednesday the brig W. G. Irwin arrived from San Francisco, with an assorted cargo of merchandise, and a deck load of 300 hogs. The Irwin was followed by the J. D. Spreckels, of the same line, on Thursday, with general merchandise, and 25 mules on deck.

The tern J. C. Ford, also from San Francisco, put in an appearance with a cargo, principally of bricks, and some 20 mules and a fine horse.

The bark Kikikat, from the Sound, is to hand with a cargo of assorted lumber to H. Hackfeld & Co. She returns in ballast as soon as discharged.

The F. P. Litchfield, having discharged her cargo of China goods, returns to Hongkong, taking a light freight and a number of Chinese passengers.

The bark Malay is taking in ballast, and will sail for the Sound soon.

The island steamers show a falling off in sugar freights, the season being about over. The passenger traffic is, however, brisk, the W. G. Hall, Kinn, and Waiakoa bringing over 200 each.

To-day the Kinn sails on her regular Hilo trip. The Likelike sailed yesterday for Kahului, and the Waiakoa for Kauai.

The Iwaland has been in port during the last week, overhauling machinery and boilers, and was also on the railway cleaning under the water-line; she will resume duty again to-day.

The mails from the Coast are again becoming irregular, and it is not at all certain that she shall receive a mail on the 22nd. Perhaps the first steamer will be the Mararoa, due here October 2d, to be followed by the Australia, which also goes through direct from this port to Sydney, to return in the place of the Mararoa, which is to be withdrawn.

The Canadian Pacific Railway.

The Montreal Gazette says that for the last year, 1885, the net profit of the railway exceeded all fixed charges by nearly a quarter million dollars, and this year the results promise to be still more satisfactory. In the month of June, 1886, the gross receipts reached \$896,923.01, and the working expenses \$619,473.42, leaving a net profit of \$277,449.59, as against a net profit of \$263,499.95 in the corresponding month last year, or a gain of \$2,958.64. In the first six months of the current year, January to June, the gross earnings have been \$4,160,242.98, operating expenses \$2,866,727.33, and the net profits \$1,293,515.65, as against net profits of \$1,114,407.96 in the first half of 1885, a gain of \$179,107.69.

New Advertisements.

Advertising Cheats.

"It has become so common to begin an article, in an elegant interesting style,

"Then run it into some advertisement, that we avoid all such,

"And simply call attention to the merits of Hop Bitters in as plain, honest term as possible.

"To induce people

"To give them one trial, which so proves their value that they will never use anything else."

"The remedy so favorably noticed in all the papers, Religious and secular, is

"Having a large sale, and is supplanting all other medicines.

"There is no denying the virtues of the Hop plant, and the proprietors of Hop Bitters have shown great shrewdness and ability

"In compounding a medicine whose virtues are so palpable to every one."

Did She Die?

"No!"

"She lingered and suffered along, pining away all the time for years."

"The doctors doing her no good."

"And at last was cured by this Hop Bitters the papers say so much about."

"Indeed! Indeed!"

"How thankful we should be for that medicine."

A Daughter's Misery.

"Eleven years our daughter suffered on a bed of misery,

"From a complication of kidney, liver, rheumatic trouble and Nervous debility,

"Under the care of the best physicians,

"Who gave her disease various names,

"But no relief,

"And now she is restored to us in good health by as simple a remedy as Hop Bitters, that we had shunned for years before using it."

Prosecute the Swindlers!!

If when you call for American Hop Bitters (see green twig of Hops on the white label and Dr. Soule's name blown in the bottle), the vendor hands out anything but American Hop Bitters refuse it and shun that vendor as you would a viper; and if he has taken your money for anything else indict him for the fraud and sue him for damages for the swindle, and we will pay you liberally for the conviction.

For Sale by HOLLISTER & CO., No. 109 Fort St. Honolulu.

Northern Assurance Co.

ESTABLISHED 1836.

Accumulated Funds: £3,000,000 Sterling.
